

# Revelation 445/532 Dual System

## **Specifications**

Wavelength	445nm and 532nm, Switchable
Beam Quality	Uniform speckle free illumination
Output Power	8W @ 445nm; 8W @ 532nm
Control	Touch screen programming to control output power 0.2W – 8W 'dead man finger' (i.e.Press for output / release no output)

## **Power Requirements**

### **Mains**

Voltage	90-240V AC
Frequency	50 Hz / 60 Hz
Power Consumption	200W Typical

### **Battery**

Input Voltage	12 VDC (Integral battery pack)
Battery Lifetime	Approx 20 Hours typical use @ 445nm; Approx 2 hours continuous @532nm
Battery Charger	Supplied (Internal)
Lifetime	>10,000 hours

## **Operating Conditions**

Ambient temperature Range	41-104°F (5-40°C)
Humidity	8-85%, non-condensing

## **Physical Characteristics**

Dimensions	55cm (L) x 38cm (W) x 25cm (H)
Weight	14kg
